

BC Minor Baseball has strict rules that cover player registrations, especially when it comes to registering in an Association other than that whose catchment/boundaries you live in.

Aldergrove Minor Baseball's catchment/boundaries are as follows:

Northern Boundary: East on 80th Avenue from 196th Street to 216th Street, then North on 216th Street to Trans-Canada Highway #1, then East on Trans-Canada Highway #1 to 240th Street, then North on 240th Street to Fraser River.

Southern Boundary: Zero Avenue.

Western Boundary: 196th Street from 80th Avenue in the North to Zero Avenue in the South.

Eastern Boundary: Mt Lehman Road.

If you live outside of Aldergrove Minor Baseball's catchment, you must register and play with the Association within whose boundaries you reside. For additional information, please refer to Rule 11 in the BC Minor Baseball Association Rule Book.

NOTE: There is a different process in place if you intend on trying out for Bantam AA or Midget AAA or any other level of baseball not offered by your home Association.
